Vol I – Neonate Tractate

Part I – Good and Evil, or Good and Bad

In our system there is no good nor is there any evil. Nor are we defined or limited by the laws of those who are outsiders to our Tempel. Whilst, we afford respect and personal honour to those who are kindred souls they are still unless they join us – the "normals" who seek to oppose and enslave us mentally and in the future physically perhaps. Only individual judgment and personal responsibility in our anti-ethical amoral system. Our empathy, compassion, kindness, duty and loyalty are to those who choose to defy and live as we do. We would rather abandon the O9A at present when dealing with our Temple but it is true we respect and ally ourselves with the O9A (Order of Nine Angles) and thusly saw the truth in the slander, defamation and campaign of propaganda against it by the FBI, antifascists and Zionists. And we do follow the Code of the Sinister-Numinous which dictates the behaviours of Niners.

The Law of The Sinister-Numen

"We, and our tribes – we, The Drecc – are at war with the mundanes, and with their States and governments, desiring as we do to replace the tyranny of mundane abstractions by our sinister-numen, and desiring as we do to replace their States and governments, and their laws, by our new tribal way of life based on our law of the sinister-numen, which law of ours is personal honor."

The Law of The Sinister-Numen Honour, according to and as defined by the sinister-numen, is a specific code of personal behaviour and conduct, and the practical means whereby we can live in an evolved way, consistent with the sinister perspective, and aims, of our Sinister Way. Thus, personal honour is how we can change, and control, ourselves. Honour not only defines our personal behaviour, and imposes upon us certain duties and obligations, but it also defines us, as individuals – that is, it is an essential part of our identity, as individuals who live by the Law of the Sinister-Numen, and it distinguishes us from the mundanes, from all those who are not-of-us, who do not belong to our kind. Honour is what binds our tribes; what makes our tribes, what makes and what marks our new way of living. For us, our honour is more important than our own lives, and it is this willingness to live and if necessary die for and because of our honour that makes us strong, fearsome, and enables us to live life on a

higher level than any mundane. For it is through honour – through our fearlessness, our scorn of our mortal death – that we come to exult in Life itself.

The Nine:

1. Our honour means we are fiercely loyal to our own kind – those who, like us, live by honour and our prepared to die for their honour.

2. It is our honourable duty – as individuals who live by the Law of the Sinister-Numen – to be ready, willing, and able to defend ourselves, in any situation.

3. It is our honourable duty – as individuals who live by the Law of the Sinister-Numen – to be loyal to, and to defend, our own kind: to do our duty, even unto death, to those to whom we have sworn a personal oath of loyalty

4. It is our obligation – as individuals who live by the Law of the Sinister-Numen – to seek revenge, if necessary unto death, against anyone who acts dishonourably toward us, or who acts dishonourably toward those to whom we have sworn a personal oath of loyalty.

5. It is our obligation – as individuals who live by the Law of the Sinister-Numen – to never willingly submit to any mundane; to die fighting rather than surrender to them; to die rather than allow ourselves to be dishonourably humiliated by them.

6. It is our obligation – as individuals who live by the Law of the Sinister-Numen – to never trust any oath or any pledge of loyalty given, or any promise made, by any mundane, and to be wary of them at all times.

7. It is our honourable duty – as individuals who live by the Law of the Sinister-Numen – to settle our serious disputes, among ourselves, by either trial by combat, or by a duel involving deadly weapons; and to challenge to a duel anyone – mundane, or one of our own kind – who impugns our honour or who makes dishonourable accusations against us.

8. It is our honourable duty – as individuals who live by the Law of the Sinister-Numen – to always keep our word, once we have given our word on our honour, to settle our non-serious disputes, among ourselves.

9. It is our honourable duty – as individuals who live by the Law of the Sinister-Numen – to act honourably in all our dealings with our own honourable kind; to strive to be fair, and courteous.

This applies to anyone regardless of race, gender, sexual orientation, background, etc. anyone who is a Niner and of our kind. It dictates our personal and interpersonal behaviors.

Therefore our empathy, compassion, and aid is given to those who are of our kind only and our kind are those who by themselves alone or with a nexion/tribe/clan/temple/etc. which follows either the previous outlined paths (including Balobian). And remains solid whether online or offline.

Our moral philosophy can be defined simply as the following (see The Antichrist by Nietzsche):

> What is good?—Whatever augments the feeling of power, the will to power, power itself, in man.

> What is evil?—Whatever springs from weakness.
>
> What is happiness?—The feeling that power *increases*—that resistance is overcome.
>
> Not contentment, but more power; *not* peace at any price, but war; *not* virtue, but efficiency (virtue in the Renaissance sense, *virtu*, virtue free of moral acid).
>
> The weak and the botched shall perish: first principle of *our* charity. And one should help them to it.
>
> What is more harmful than any vice?—Practical sympathy for the botched and the weak—Christianity....

It is of importance beyond that concerning whether or not the O9A gets abandoned, banned, or changed into something else to understand that we are genuinely the alpha, the omega and everything in-between. That we are genuinely beyond good and evil, or good and bad. That we have a dislike which is natural and normal for those who are pedophiles, woman abusers, and think as troglodytes with primitive ape-ish beliefs such as "might is right". What is dangerous, awesome, numinous, tragic, deadly, terrible, terrifying and beyond mortal control is all that which gifts us the Faustian wisdom we need to obtain noesis and beyond noesis advance as a species and individuals. Therefore, the power of governments, laws, and need to control the wild, untamed or the Cosmic is unbecoming of us. What they need is to be brought face-to-face with such inexplicable, uncontrollable, powerful and dangerous forces of Nature and/or fate and the reality of the Dark Ones who lay beyond the threshold. Therefore, we are both an O9A nexion and not an O9A nexion but bound again and we stress it by the personal code of honour and law of the new aeon that the O9A crafted and engineered for it's tribes/clans/nexions/orders/temples/etc. But we are not inner O9A nor O9A Old Guard nor even O9A adepts. We are something else entirely and what we are is for those few who can live by our Sinister-Numinous Four-fold Way to figure out via noesis and pathei-mathos. Both practical, spiritual and heretical but not openly criminal nor terrorist. Neither are we political except in the sense of being Anarcho-Communist and Deep Ecologists. Our elan and arete is well-cultured, well-mannered and eltist nobility which could be considered aristocratic by merit of deeds not by birth or vote.

As been written more succulently by a fellow we admire here at the Tempel ov Chaos:

(i) No restrictions are placed on the individual even if this means they engage in criminal, terrorist or violent actions. The deeds which are done impersonally out of duty or for self-insight and eventual self-mastery differ from those done by conscious or unconscious impulses. Therefore, whilst we encourage the individual to defy the state we do not think it necessary or fruitful for everyone to live as a domestic terrorist or criminal. Nor is it even practical. But should one of us commit a crime even a murder which is judged to have been useful for Dialectic, Aeonic or other impersonal aims of our occult order then so be it. Good riddance to the weak, and hail to the strong!

(ii) Hard and difficult physical ordeals and challenges, of a severity to test the character of the person and produce endurance and character. For example the basic, the minimum, standards (for men) are: (a) setting two or three physical endurance goal such as 16-mile hike w/65-pound pack in under 5 hours for men and with a 35 lbs backpack in under seven hours

for women or walking 100 miles in under twenty-four hours; (b) setting two or three cardiovascular fitness ordeal such as running 5 miles in under 45 minutes and 2 miles in under 15 minutes, c) setting two or three physical strength goals such as 800 lbs deadlift, 315 bench press, 185 lbs overhead press, 1000 push ups in under 20 minutes or 100 push ups in a row, etc. It must be hard, it must be judged to be beyond what is average or "intermediate" by athletic standards and it must be achievable only by very few, very fit individuals aided or unaided by anabolic steroids and supplements. Those gifted will not need such procurements nor want them.

Once achieved it is beneficial to set even higher goals than those achieved prior. Olympic standards if need be must be met. Definitely the fitness tests of special forces and military outfits are a good starting point. So are those of Buddhist warrior-monks or martial artists.

(iii) Hard and difficult esoteric ordeals and challenges, of a severity to test the character and commitment of the person, and produce and/or develop certain necessary esoteric skills. For example, the necessity of undertaking an Insight Rôle or two; and the Rite of Internal Adept involving living alone, in an isolated, wild, area for a minimum of three months; six months is better. A diary should be kept of this time spent in isolation and it should be documented by a trust associate.

(iv) Mistrust, dislike and sly cunning along with games and trickery played upon those outsiders who are not us in either spirit nor body nor mind. And those are the happy slaves of the system and their foot soldiers: the mundane or clay-born. Matter without spirit. Philosophically deaf. Unable to be one of us nor interested in becoming one of us.

(v) Championing of heretical ideas such as racial inequality, Holocaust Denial, the evidence and proof of white genocide, anti-egalitarianism, anti-nazareny, etc. Note: heresy does not mean here that something whilst disgusting to universally everyone is a heretical idea we promote. For example, child rape is universally despised yet we do not see it as a heresy but a grotesque display of uncontrollable perversion by a freak of nature who deserves to die. Nor does racial inequality imply we vulgarly and hatefully refer to or behave towards non-whites or those not of our racial background if non-white to begin with.

Here the main points can be summed up as:

(a) practising or disposed to practise evil;
(b) actually or potentially harmful, destructive, disastrous, pernicious; baleful;
(c) malicious; mischievous, sly;
(d) bad in moral character, disposition;
(e) hard, difficult, misleading, deadly, amoral;
(f) malevolent, offensive.

Part II – Our Antinomian Nature

Those who follow the Sinister-Numinous Four-fold Way know we are: a) Luciferian – Luciferianism involves seeking and obtaining Faustian forbidden knowledge and wisdom both from exoteric and esoteric sources and tested by empirical approaches as well as logically provable by deductive logic and/or intuited or empathized with in certain cases or even gifted by entities who dwell in the dark realms beyond the threshold. It also involves overcoming ordeals in a Promethean and Nietzschean way which involves triumph of sheer individual will over adversity. And also a learning and humbleness which arises from pathei-

mathos. Luciferians are by nature noble, beautiful, aesthetic, intellectual, intelligent, wise, knowledgeable, and angels to some but demons to most. And amongst our own kind well-behaved, polite and well-mannered. Overall one is well-cultured if they are a genuine or true Luciferian. b) Noetic – in lieu of Gnosticism and Gnosis we term it Noetic and Noesis. It means first-hand face-to-face confirmation of the esoteric tenets and nature of reality, or even audience with "God" or (one of) the Dark Immortals. Either via ritual or by it occurring astrally in the dream-state or otherwise occurring on it's own. Sometimes it is gifted by an adept or beyond, or wytch to a certain individual as a boon. Usually it is earned, experienced and then contemplated and then either a decision to act upon it is made or to keep it clandestine or to pass on aurally or written. c) Chaosophy – the art and science of understanding the Cosmos as well as the Star Game, Chaos itself, and the Acausal. d) It is also therefore by it's nature martial monkhood often solitary based upon Greco-Egyptian Hermeticism with Eastern and Islamic influences.

All things considered it is not political nor religious. Nor a philosophy or ideology. But a genuine zeitgeist for the New Aeon which evolves and continues the O9A tradition in a divergent path as of yet unexplored by most even those who are of the 6th stage.

Therefore, there are at present no true adepts of the Four-fold Way.

Transgression of Nazarene morals, the status quo, law and order, and normalcy is all that gifts the Luciferian light leading to the audience with Atazoth and beyond. As does overcoming physical ordeals, travel abroad in foreign lands, Insight Roles of various political and religious systems, and Combat by for example dueling or self-defense or in context of being a soldier in an actual war. Therefore, if someone is for example a drug dealer by trade and makes most of their income by crime – we do not fault, criticize nor attempt to change this individual to become a morally upstanding member of the community. A true genuine Luciferian knows when to act and when not to act, when to speak and when to be silent and knows things which are for insight or impersonal aims are always done with a self-restraint and class unlike that of the herds of cattle which we note as Homo Vulgaris – or the de-evolutionary step down from Homo Sapien not the next step upwards as in Homo Sol. Untermensch.

Therefore our three aims are as follows:

a) oppose all that is the status quo and transgress and/or defy it or rebel against it either privately or publicly. Being aware at all times of their system of social engineering, thought-control, and illegitimate nature.

b) to be heretical and heterodox to Nazareny and pseudo-Satanism and most of the occult scene right-hand path or left-hand path. Only our way is the genuine way or that of the O9A's various systems. Anything else is Magian or dull, mundane meanderings which lead to spiritual stagnation or de-evolution.

c) to embody the Sinister Dialectik and to also go Beyond Exeatic in action, deed, and word. To seek to inspire or cause the evolution of our species upwards along with individual self-mastery. And to be made aware or realize our higher self, our true will, and follow our own personal wyrde. We are self-actualized, and individualized in Jungian sense and beyond this stage as well when sufficiently advanced in mastery. The quest for the lapis philosophicus or Immortality and ability to consciously control our spirit or vital force at time of death to will an existence beyond the threshold in the acausal, merge with the supreme or another acausal entity, or to be reborn in human form once more to fulfill our destiny further. What's more

we seek to manifest or presence Vindex on this Earth planet and beyond Vindex the Dark Gods and Lucifer himself.

Part III – Guide to Stage of Neonates

The first thing one must do is to obtain Naos and study it in depth. And furthermore if possible obtain the Requisite O9A or a suitable guide to O9A Subculture either in book form or aurally from an adept for guidance. Read and internalize this entire corpus. From there obtain the Corpus Hermeticum, Bhagavad-gita, Brahman Sutra, Qu'ran, Lightning and the Sun by Savitri Devi, and Revolt Against the Modern World by Julius Evola, Read and internalize all these key texts. It is useful to study the Numinous Way, Reichsfolk and the works of David Myatt in-depth. This period of study should last 6 months to one year. It must be done before proceeding further.

The next step as Neonate is to find a suitable locale to hunt for wild game with a primitive weapon. And to skin, cook, and eat the game. A suitable replacement for this is to raise an animal for the purposes of food later. Either "hunt" should be dedicated to Mother Nature as Gaia or Maha-Kali in thanks.

The next step is to perform the Mass of Heresy solo, Jihadist Meditation (found in a noted Tempel ov Blood text but also can be requested in written form from your current Temple handler/guide), and the Rite of Defiance. If white, if non-white only the Jihadist Meditation and Rite of Defiance is necessary.

The last step is to obtain Nazarene hosts or a blessed rosary from a Nazarene Priest and to defile or destroy it after one has made a blood pact and dedicated themselves to Satan and the Dark Immortals. This ritual can be found in the Black Book of Satan by the O9A.

And finally, after the three above steps – which should only take 3-6 months to perform and can be done whilst studying for the timeframe listed above (just do not proceed beyond this stage until all tasks are completed) – to undertake a suitable Grade Ritual given by your guide. Which often involves solo meditation in the wilderness. And you will be given one secret task of heretical defiance to perform of your choosing or tailored to you by aural transmission.

Part IV – A Guide to Initiate

a) Undertake and perform one to three physical ordeals as suggested above. You should do one for endurance, one for speed, and one for strength. And then move on to two more goals from each category. Or to break your former records twice. This training should last anywhere from 1 to 3 years but can take up to 6 years in the not so physically gifted. Do not fret too much about it. It must be hard but realistically achievable. And above average in performance.

b) Undertake and perform an Insight Role based upon the current Aeonic or Dialectic of the Tempel ov Chaos. These are custom tailored and based upon Jungian archetypes. This is totally a personal and also Aeonic role. Although it must be noted: one personal Insight Role leading to an eventual 12 must be performed, one to three Aeonic Insight Roles, and one or two Insight Roles which are both personal and impersonal (i.e. Aeonic).

c) Participate in and undertake methods suggested to result in personal evolution and develop often latent abilities such as Dark Empathy, conscious evolution, and transgression

of their individual and societal limits – which may or may not be criminal pending on one's location or epoch of time.

d) Begin to understand Aeonics and construct the Basic Form of the Star Game.

Esoteric tasks of the Initiate:

a) Understand the Nigredo Stage of the Four-fold Way and first then second degree Initiation.

b) Undertake and execute the Grade Ritual of External Adept and Self-Initiation prior to this Grade Ritual.

c) Beginning study of the acausal, Aeonics, Star Game and alchemy as outlined in Naos and other sources.

The stage of initiate lasts 1 to 2 years in most, and for 6 years or more in the late blooming.

Part IV – Description of the Esoteric Tasks

Tasks often depend on the individual, their location and the epoch of time they are living in. For example, in a fascist society denial of the Holocaust and promotion of racial inequality would not net a confrontation with the shadow self nor would it in an individual who is already fascist or racist. The tasks are usually transmitted aurally but have been written down time and time again by others and us ourselves. They are not sacred, unchangeable, unmutable, or altogether absolutely necessary. And are not performed via coercion or force. Nor can any one who is still a child or teenager undertake them as it is a path for adults only.

Initiation is the initial step and for this one should consult the esoteric MSS: Σελήνη located at present at: https://nineangles.net/?p=314. As well as the Esoteric Guide to the Four-fold Way: https://nineangles.net/?p=309. And study the stage of Initiate in depth as outline in Naos. Or if Sinister in the older O9A corpus now outdated and superseded by the new Hebdomian Way and the Sinister-Numinous Four-fold Way.

One must begin to understand the Ego, the Unconscious and the Self by undertaking tasks appropriate to each before one can move on to Adeptus Minor stage.

A suitable personal Insight Role for the Ego working is that of "The Hero", being a man or woman who lives by the motto where's there's a will I will make my way. Individual seeking for triumph of will by overcoming adversity. And to become an expert or master whose deeds save the world or are seen as world-renowned. In the Sinister sense one could live as a hard as krupp steel fascist or NS revolutionary, an anti-capitalist Marxist-Leninist or anarchist, or as a type of criminal who is a "Robin Hood" type or benefactor for his own nexion/clan/tribe/etc which he either leads or follows. In this role one should view cowardice as "bad" and courageous acts as "good". And the strategy is to be as strong-willed and masterful as possible. The "evil" and forbidden aspects of this in one's own developing from self-confidence of courageous deeds that of arrogance and always seeking to test one's own limits in either Combat or by valorous deeds praised, emulated or envied by others. Another insight role is police officer or soldier for this working. If one is used to being viewed as Heroic or a role model then one could take a role as the Everyman. Or a simple hard-working individual who wants nothing more than to fit in and conform and to be like everyone else. However, the trap is this insight role turns you into a typical mundane breed

of human that you are trying to evolve behind. Another opposite is that of the typical Nazareny follower i.e. weighted down by guilt, envy and left on dial-tone by God, more often than not witnessing vice not virtue being rewarded or being blindly and naively optimistic about Church dogma. If one has a problem with women and intoxicants then this role as a Nazarene could be useful but in lieu of that we'd recommend living as a Brahmacari or celibate, vegetarian monk in an ashram or at home. Another suitable Insight Role for this Ego sphere is that of the Caregiver. Embodied by caring Nurses, teachers, and psychologists. One could seek a career in medicine or psychology or counselling for example. Or volunteer as such. For us, only the Caregiver and Hero types are valued and one must follow the other preferably as well as some time either spent on the razor's edge for those dullards who never had their first sip of wine or first sexual liaison with a bad woman (or bad man) or if already on the level and unrestrained in such actions to become a Buddhist or Hindu monk. All insight roles should be taken in duration of at least 6 months to a maximum of 2 years. One of these outlined we recommend one of the following: Anarchist Activist, National-Socialist Revolutionary or Warrior, Gangster or Outlaw, Soldier or Police Officer – for Hero archetype. For Caregiver: Paramedic, Nurse, Doctor, Psychologist, Counselor, Firefighter or Volunteer. And for those enthralled to sex and drink or drugs monkhood and for those quiet, shy individuals perhaps running a brothel, being the life of the party, becoming a drug dealer, working in the sex industry, etc. All four of these performed back to back would be a hellish undertaking I am unsure anyone has the gumption to do. One from each category and it must be opposite to your natural innate character must be chosen. So if one is naturally a fascist extrovert then monkhood and anarchism. If one is already far-left and restrained then indulgence and fascism. Often this becomes one's career for a few years or alchemical seasons to come as one settles in to that which is natural and normal after the harsh alchemical changes set in or realizes the way of life opposite to their normal nature is preferable. In truth neither answer is correct and neither system political or religious serves any other purpose but self-insight.

After initiation, more Esoteric Insight Roles can be undertaken. That of The Explorer, The Rebellious Lone Outlaw or Lone Warrior, The Starving Artist/Musician/Writer, and one must be versed or experienced in matters of love. Loving perhaps a woman different or opposite to your own nature and/or one similar in Nature or neither or both. The point is to confront the anima/animus by becoming a Lover and often this results in love loss if your Lover is unable or unwilling to accept your ways or the Four-fold Way. Which causes dilemmas only fanatical commitment can solve and also must be empathetic and compassionate on some level if truly humane in nature with the resulting suffering from selfishness and self-absorption being realized. Or time spent away from your Lover perhaps travelling for example. The point is to love and then lose either due to selfishness, or love in separation with either an eventual re-union or moving on. Rarely, a partnership occurs or can occur in exceptional individuals. One of each these Insight Roles must be undertaken and can be taken in tandem with another. As well as during the four Insight Roles development of a romantic and loving relationship which blossoms and then offers a choice: a) selfishness and devotion to an extreme impersonal cause which causes love lost, b) distance due to travel or self-mastery i.e. Grade Ritual of Internal Adept and isolation therefore love in separation along with all the worries it entails or jealousy, and/or c) an equal partnership, re-union or moving on from this failed or reignited relationship or partnership formed. Due to the Nature of modern dating only one of these results from the romance need occur but due to the dynamics of relationships one or more or neither may occur.

After this stage one should follow in succession the archetype of the Dark Jester, then that of the Sage, the Hermetic Occultist/Adept, and that of Master/Commander/Leader. And once followed each of these in succession then it is important to undertake a self-designed insight

role which combines all 3 and then either relive former Insight Roles as needed, carry out Aeonic Insight Roles, or further your own self-mastery and guide students to adept-ship and beyond. A suitable heir to your legacy should be fathered or found or a magnum opus of art or science or both created.

Note: any political, religious, philosophical, ethical, spiritual, socioeconomic or any other type of system said to be man-made or divine in Nature can be employed for self-insight, subverted or sabotaged for impersonal aims, or aided and furthered for impersonal aims. This includes Communism, National Socialism, Reichsfolk, anarchism, Islam, etc. It is off-limits for a guide to say an Insight Role is off-limits but to recommend suitable ones and to be sympathetic ear and witness/observer of such is sometimes useful but not necessary. One should only reveal the Insight Role to trusted associates, pick one, and not reveal why or what one is doing X,Y, Z for. A truly Sinister aspirant will have not told a soul and gone about it as regular daily business then return to their guide if needing further guidance or once completed.

Again a diary is useful to keep for these workings and a knowledge of psychology, and ethical systems as well as political and religious systems is useful here.

Introspection is one of your greatest skills to hone.

Vol II – The Forbidden Alchemy

Part I – Brief Description of the Alchemical Process of the Sevenfold-Way

Azoth (*áz-oth*) in Sinister Context

I believe that Aosoth, Azoth and Atazoth are related somehow. Aosoth to me manifests as the Great Whore of Babylon but in truth is the Seven-headed Dragon but also the Tree of Wyrde itself. And is also the nameless mist of the Undead and shades. Thus, when the acausal flows from this Dark Mother it is chthonic and awakens malignant entities in the surrounding area. Atazoth is known as the 100th name of God, and is the source of the flow of Azoth. And was embodied by Hermes and also Thoth relating to the Moon Sphere which is associated with the jackal-headed Anubis.

Aosoth is the omniscience of God and is locked outside of the Universe in the acausal realm. She manifests as a great horrific tree with tendrils lurching out or as glowing eyes and/or 7 spheres. Or as a nameless violet mist. She can see all of space-time at once and is related to the mist released from Pandora's Box. She is associated with Neptunian or Plutonian energies and also with freezing fog and the half-full moon. She has the power to reanimate the dead or corporeal. And associated with the number 13 (and thus the Knight's Templar and also death itself in the feminine sense and as well Baphomet). Baphomet or known to the Greeks as Hectate or to the Irish as the Morrigan consists of three seperate units. Neamhain or havoc, enacting retribution and destruction upon those mortal men who succumb to hubris and arrogance before the "gods". Badb, war or the shadow or fog of war or it's foreshadowing. And lastly, Macha or Durga/DaVinca – the spirit of the land. In the darker sense this can relate to Aosoth and Cosmically to Mala-Kali.

For from her is the race of women and female kind: of her is the deadly race and tribe of women who live amongst mortal men to their great trouble, no helpmeets in hateful poverty, but only in wealth.

Azoth is the essential agent of transformation in alchemy. And is the animating force we know to be the acausal energy or vital force (prana). Known in Vamphyric contexts as Blood Essence. To the Thulian Societies as Vril. The word comes from the Arabic *az zÄ[]'uq* which means "Mercury."

Manley P. Hall explained this connection: "The universe is surrounded by the sphere of light or stars. Beyond that sphere is Schamayim, who is the Divine Fiery Water, the first outflow of the Word of God, the flaming river pouring from the presence of the eternal mind. Schamayim, who is this fiery Androgyne, divides. His Fire becomes Solar fire and his Water becomes Lunar water in our universe. Schamayim is the Universal Mercury or Azoth -- the measureless spirit of life. That original spiritual fiery water comes through Eden ("vapor" in Hebrew) and pours itself into the four main rivers of the four Elements. This comprises the River of Living Water -- the Azoth -- or fiery mercurial essence, that flows out from the throne of God and Lamb. In this Eden (vaporous essence or mist) is the first or spiritual Earth, the incomprehensible and intangible dust out of which God formed Adam Kadmon, the spiritual body of man, which must become fully revealed through time."

Eliphas Levi wrote: "The Azoth or Universal Medicine is, for the soul, is supreme reason and absolute justice; for the mind, it is mathematical and practical truth; for the body it is the quintessence, which is a combination of gold and light. In the superior or spiritual world, it is the First Matter of the Great Work, the source of the enthusiasm and activity of the alchemist. In the intermediate or mental world, it is intelligence and industry. In the inferior or material world, it is physical labor. Sulfur, Mercury, and Salt, which, volatized and fixed alternately, compose the Azoth of the sages. Sulfur corresponds to the elementary form of Fire, Mercury to Air and Water, Salt to Earth."

Azoth is thus the spiritus animatus, and elixir vitae. In the cosmos and within each of us, the Azoth is the mysterious evolutionary force responsible for the relentless drive towards physical and spiritual perfection. Thus, the concept of the Azoth is analogous to the light of nature or mind of God.

Ignis et Azoth tibi sufficiunt.

"He is not to open the door which leads to the strange time and place, nor to invite Him Who lurks at the threshold ..."

Conjunction of Jupiter and Saturn, which was believed to mark the arrival of a divinely guided universal ruler who would fill the earth with justice and herald the end times, not unlike the Mahdi before the apocalypse. It was based on the belief that this conjunction had occurred around the time Amir Timur (d.1405) was born that the latter became renowned as the sahib-qiran or 'the Lord of the Auspicious conjunction'

Were actually the abodes of the attributes of the Universal Soul, rather than being physical objects whose motions and periods could be examined. The phenomena of creation and decay were all based on the faculties of the Universal Soul. Astrology could only be comprehended by integrating this science with the metaphysical principles expressed by the cosmological cognition of the lkhwan.

The first one was about the spheres, stars, their dimensions, movements etc. (ilm al-hai'ah), the second was the science of astronomical tables (zij) and the third was Judicial astrology (ilm al-ahkam). This partition may rationalize the distinction we made between astronomy and astrology, while what is actually called general astrology is also included in the first category.

While Ikhwan regarded the cosmos as finite in its most conventional sense, and believed that there was "neither void nor plenum" beyond, they identified the fixed stars with the kursi, or Pedestal, (Quran II, 255) and the ninth heaven with the 'arsh, or Throne (Quran IX, 129; LXIX, 17) so that they could follow the cosmological view given by Qur'an. The Sun had the major role in the way Ikhwan described the cosmos. God has placed the Sun at the center of the Universe just as the capital of a country is placed at its center and the ruler's palace at the center of the city.

We see Venus, Mercury, the Moon, the sphere of air and the earth below it and the spheres of Mars, Jupiter, Saturn, the fixed stars and the Muhit above it. Being "the heart of the Universe" and "the sign of God in the heavens and earth", the light of the Sun was simply the outpouring of 'Being' "with the permission of Allah". The Intellect had brought the Sun and Moon into being, which gave birth to the principles of masculinity and femininity. The Intellect had given life to everything through the two principles. As the two wedded, creation

began. This was the same process of the spirit (ruh) as it vitalized and kindled the heart (qalb) of man. The motion of the Sun was the life-giving force (ruh al-Hayat) of the heavens which provided vitality for all that was above and below. For the Ikhwan, the relation between light and the Sun could be compared to the link between the world and God. Nablusi believed that the wheel of fortune of the Sun corresponded to the spirit of man.3 Kayseri says "The spirit that belonged to the sphere of the Sun is the heart of the realm resided by the excluded spirits.' 4

Ikhwan believed that the processes of creation and destruction and all the phenomena of the world were greatly influenced by the motions of the planets. The generation of plants, animals, and the human fetus were especially affected by the movements of the planets. The planets' effect on creation resulted from the fact that they act as the agents of God, connected with everything else in the Universe. As they travel through the sections of the Zodiac, they mediate the generation of certain things through their God-given power. The planets radiate spiritual emanations that reach every single part of the Universe.

According to the tradition of Ikhwan, planets were also associated with certain prophets as well as certain phases of history. This view was appreciated by some Sufis as well, such as Abd al-Karim al-Jili who claimed it in his work al-Insan al-kamil. History consisted of eras conforming to the revelation of the prophetic messages of Adam, Noah, Abraham, Moses, Jesus, and Muhammad-upon all of whom be peace. The last era shall end as the planets collect together on the Day of Judgment, after which God will initiate a new life. Isma'ilis were going to adopt that opinion as well.

Vedic astrology pays attention to nine *grahas*, which are collectively referred to as the *navagrahas*, with *nava* meaning nine. They include the sun (*Surya*), moon (*Chandra*), Mars (*Mangala*), Mercury (*Budha*), Jupiter (*Brihaspati*), Venus (*Shukra*), Saturn (*Shani*), Rahu (north node of the moon), and Ketu (south node of the moon).

Rahu and Ketu are subtle *grahas* with no actual mass. They represent the two points in space where the orbital path of the sun and moon intersect. Because eclipses block light and occur in connection to the nodes, Rahu and Ketu are often called "shadow planets," and are generally indicators of negative influences.

According to the Vedas, each *graha* represents a particular aspect of life, and each is under the jurisdiction of a particular deity.

The deities of the *navagrahas* are in charge of delivering us these lessons, and therefore play an integral role in helping to facilitate our spiritual development.

Venus, for example, is ruled by a deity called *Shukra*. Including other things, Venus generally represents the wife in a man's horoscope. Hence, a poorly placed Venus can often indicate marital problems, or even issues in finding a wife.

Perhaps in a past life, a man took his wife and marriage for granted and as a result, is now having a hard time finding a partner. Seeing a poorly placed Venus, the astrologer might

recommend the man perform some sort of puja to appease Shukra into minimizing the bad marital *karma.*

As stated before, life is ultimately meant for one's spiritual evolution. Experiencing troubles in finding a partner is not Divinity's way of enacting revenge. It's to help a person better appreciate the value of such a partner.

A person, therefore, should not view hardships merely as hurdles on the path of hedonistic pursuit. Life's obstacles should be seen as opportunities for gaining spiritual maturity, and the deities of *grahas* should be approached as revered teachers of these lessons.

Saturn is called 'Sanaischara' as it moves along the Zodiac leisurely and more slowly than other planets. He is the outermost planet amongst the planets recognised by Hindu Astrology. Saturn is smaller than Jupiter and his diameter is around 75,000 miles. Saturn takes 291/2 years to go round the Sun. Hence on an average Saturn remains in a sign for about 2 ½ years. Saturn is called 'Yama' as he is the chief governor for longevity. Saturn is said to be 'lame' and the son of The Sun. Saturn is sometimes symbolised as Father Time. According to Western belief

in olden days Sater or Satan was the name given to Saturn and he signified devil, darkness, secrecy, loss and misfortune. His nature is cold, dry, phlegmatic, melancholic, earthy and masculine. When Saturn is well placed or well aspected, the person is grave, profound, prudent, cautious and of excellent organising and executive ability. If Saturn is afflicted, the native is apt to be bigoted acquisitive irritable, discontented and complaining. Saturn governs the teeth, bones spleen, knees, right ear and sense of hearing. He rules brick laying, pottery, masonry, plumbing and other laborious and uncongenial employment. He denotes aged persons, thin, nervous, dark, reclusive-also farmers, miners, coal and junk dealers, property owners etc. He rules land, property, mines, lead and dealings in real estate. Day Saturday, metals iron and steel, colour dark blue or black, gem blue sapphire or other blue and black coloured stones. The influence of Saturn is commonly called evil and in this respect he is much maligned, but in reality there is no evil since all things work together for good ultimately. Saturn acts as a deterrent 12 and because he brings denial and necessity into some lives, he has been considered as an oppressor, a Satan "He that filleth with pride will suffer a fall"; for Saturn will bring the native to his knees, humble him, and by means of restrictions, limitation and adversities, will cause the individual to ponder, study and seek to find the source of woe that in future may be overcome. Thus while Saturn is a

destroyer (of false ideals), he is also a redeemer, in that he brings to mind a state of introspection and stimulates effort towards perfection and victory. Saturnians are extremely sensitive but they hide their feelings and emotions under a mask of reserve. If frequently censured, they withdraw from association and their progress and development are much delayed. Saturn is considered to be favourable for

people born in the signs owned by Venus whereas Saturn is evil to those born in the signs governed by Mercury. He is also beneficial when he is in his own sign, or when he occupies the signs of Jupiter or when he is exalted viagra priser i danmark. Saturn when benefic makes a person true, reliable, honest, sincere, faithful and chaste. He aids oncentration, meditation prayers, etc. Saturn is the chief governor for longevity (He is called Ayush Karaka). If he

occupies the house of longevity, namely, the 8th house in a horoscope, the native gets a long span of life. Saturn owns Capricorn and Aquarius. He is exalted in Libra, the highest exaltation point being 20 degrees of Libra. He is debilitated in Aries, the lowest debilitation point being 20 degrees of Aries. For Saturn the first 20 degrees portion of Aquarius is his Multrikona and the rest is his Swakshetra. The whole of Capricorn is also his swakshetra. Mercury and Venus are friends of Saturn. The Sun, the Moon and Mars are his enemies. Jupiter is neutral to him.

Vol III – Heretical Tractates for System Disruption

Part I - Aeonic Workings

You should be External Adept or beyond to understand this. Mostly it would take a Rounwytha by training or Internal Adept or someone who embodies the Sinister Dialectic to understand.

The theory of O9A aeonics (which can be found online) clearly states this is the Western Aeon of which due to influence of the Magian (Judaism, Christianity, and it's secular form of Cultural Marxism – which evolved out of Communism; an ideal which when racialize, nationalized or anarchist merely means communal living in a state where everyone is equal economically it's only when everyone must be made equal by race or individually does it cause problems and this is what Cultural Marxism is. It's still capitalist even without them knowing, environmentally disastrous and idiotic about solving the issues of animal rights and co-existing with Nature, and holds basically whoever is the minority by inferiority i.e. lack of privilege and therefore not white anglo-saxon protestant or gifted with beauty, intelligence, wealth, etc. As "bad" and deserving elimination. Cultural Marxism is worse than Judaism or Christianity because while they still have to answer to God and/or can be racialized/nationalist (either for Zionism or against like Christian Identity) has no morality, ethics, or restraints. Thus, they would and could and will engage in an open white genocide with internment in camps even. Until no one is white, smart, beautiful, wealthy, powerful, etc. And by championing all that is de-evolutionary or dysgenic they will create a society of subhumans which either have to evolve back to human again or will go further backwards. And will by it's gluttonous nature as well create a horrific technocracy, or Messianic age or other horrific things. Point is it must be stopped.

What is Magian? In religions it is evidence by slave morality, Jewish Supremacism, Zionism, Holocaustianity (i.e. the religion of the Holocaust which is held as a sacred unspeakable act that is forbidden to investigate or question with laws to protect it from ever being exposed as fraudulent or letting anyone even downplay it or compare it to the Allie's own concentration camps or war crimes), Jingoism, Ultra-nationalist Zionism or Americanism, and racist in the sense that they still do hate other non-white races but either show this unconsciously by creating affirmative action programs which doesn't do anything for blacks but just drags down whites and/or by openly being for example Jewish Supremacist or White Nationalist (in the sense they promote Zionism and just hate non-whites but Jews are okay because they are white even when they see themselves in a tribal sense). They usually follow pseudo-Satanism, atheism, Christianity, Judaism, or Judaized Occultism. They can be pseudo-Satanic as well.

The Magian is better termed by the word Hubrati. Initially the Illuminati was consisting of medieval Catholic devil worshippers from the Venetian and French sectors of Aristocracy and Catholicism, Freethinkers who whilst not Christian followed Christian morality and were/are proto-Zionists like Ben Franklin, Bankers and other economists who became ultra-capitalist or ultra-communist as they are today but both are controlled by Jews i.e. banks, media, economic, and sociopolitical movements since the 19th century excluding National Socialism (although yes somewhat had Jewish backing perhaps by those Jews who as the pro-far right ones today had some racial psychosis and believed the Hollywood Nazi stereotype as it existed then) have been Jewish controlled, owned or operated.

Rather than fight the Jews it is important to find the secular Jews and introduce them to Hellenic thought. This synthesis of Jewish thought and Grecian thought led to Neo-Platonism and early (Gnostic) Christian beliefs which whilst Judaic in Nature were not extremist or Jewish supremacist. Therefore, we must rid ourselves of tribalism as well. To create a form or use a form such as the new Hebdomian Way to recruit the Jewish elements. And expose to them the lie of the Holocaust – which is a test of commitment for them and also to make them aware of why the far-right hates Jews. With this they can slowly be lead to reject Judaism secularly or otherwise. Likewise far-left Jews who are anti-racist should be made aware of how racist Zionism is and how it is basically "Jewish Neo-Nazism". And antifascists themselves made aware of the reality of Zionism, the Holocaust and NS by facts, evidence and truths.

If they publicly behave badly knowing this and continue to harm or injure the white majority it will lead to a civil war and/or insurrection against the US government. Or they will have to admit what they are and what they are doing. If they do actions of violence and underhanded ones based on lies, slander, etc. And the public is well aware of this then it will lead to underground resistance movements and over time this can lead to a new state or separate ethnostate within the USA.

In terms of Islam it must be Aryanized and remain non-racist, and have elements of Daoism and the Upanishads added. As well as the establishment of White Aryan Islam sects with White Sharia Law which is anti-capitalist and anti-American as well as anti-Zionist and denying of the Holocaust and the focus upon Jihad as a racial holy war and martyrdom as just. It must use politically in Europe the form of thought from the Kaligeri plan but made to oppose white genocide and enforce Caliphate in a benevolent sense. Once established it must ally itself with American rivals such as China, Iran, and Russia.

Along with this Aryanized version of Islam, Christianity itself should either be eliminated or return to it's Neo-Platonic Gnostic ways like the new Hebdomad embodies, Astartu type

Paganism and Thulian Societies built, Esoteric Hiterlism similar to Savitri Devi's thinking or Nordic Paganism if nothing else. And a Totalitarian Benevolent Governance with a system of mega-states like a new European Union, African Union, Asian and Oceanic Union, and North American Union as well as South American union with each state it's own nationalist racist religion and form of National-Socialism or fascism. With cities eliminated for communal racialist rural townships linked in a de centralized style network. That answers to a bare bones government where the only law is personal honour and that of honour to your own community (own's community here is called folk). This Universalist Order will create the true Kingdom of Christ and Lucifer and be Sinister-Numinious.

It is outlined in the form of Sinister-Numinious Gnostic Fascism and Naturvolkisch merged with Reichsfolk and the Numinous Way as well as the Chaosophy system I've developed. This New Aeon form is an estimation or approximation of what could be and what will be if enough develop it or are developed by it.

Aeonically now this is what will work for us:

a) Promotion of National-Socialism particularly Reichsfolk not the Old Aeon National-Socialism. Reichsfolk tenets are at cosmicreich.wordpress.com. In opposition to White Nationalism, Zionism, Tribalism, Jewish Supremacy, Christian Identity, etc. Reichsfolk must be used to combat the image of National-Socialists as vile, vulgar, racists who are unintelligent and "evil". It must be used to make the Holocaust known as a myth or pale in comparison to the Allies and USSR's actions. And the new form of NS. All other forms of NS should be abandoned.

b) Usage within the USA only of Christianity exoterically as Christian Identity with Jesus not as a Jew and Christ as a warrior-king, with the Third Reich labelled a true Christian nation, William Pierce as a comrade in spirit of David Myatt, and esoterically have a form of Luciferian Gnosticism (which the Tempel ov Chaos is creating as an example) where Jesus is basically denied over time and Yahweh seen as vile and Jews likewise held as vulgar and non-white races as soulless etc. This ultra-nationalist Christian state would replace the current Zionist-occupied American government and be totalitarian with an illusion of democracy and one party state. With a rewrite of the constitution and Nixon-era oppression of Communism. Although it must see that Communism is misguided and if they can be educated to become white supremacist and anti-Jewish then it is good. Some sectors influenced with Islam i.e. White Sharia Law or Aryanized Hinduism or Aryanized Buddhism i.e. Rounwytha way.

c) Usage in the European Union of Islamic Caliphate made racialist, anti-Zionist, anti-American, anti-capitalist, and Universalist with emphasis on Jihad against the Western Zionist-occupied Governments whilst promoting Russia taking over the Ukraine and the re-nazification of the Ukraine and merger of Ukraine and Russia into one state.

d) Eastern European countries must continue to be far-right and racialist. Additionally Islamic White Sharia elements added and pro-Jihadist tenets.

e) China supported as a liberator of Asia and the ideal Asian state along with the DPRK. And O9A works and other works translated into Arabic, Chinese, Russian and other non-English languages.

f) Racialize/Nationalize Communism/far-left or make it more anarchist focused. Or both. Introduce anti-Zionism and Holocaust Denial. Oppose ANTIFA as terrorist. Create scandals within ANTIFA and such. ANTIFA must fall before it gains total power stateside.

Once these states are created: the American Christian or Pagan Fascist Empire or it's destruction via pushing it to become a Totalitarian Cultural Marxist state which commits a holocaust against whites and enslaves them so to make the masses have to rise up or be slaves or die, the Aryanized Islamic Caliphate of Europe or it's Racialist USSR/Third Reich Form or both, and the likewise martial return to Bushido and such to Asia along with emulation of Imperial Japan, Mao, Khmer Rogue, etc. Once these superpowers are established they can control the third-world as a resource, and also introduce them to make their own Totalitarian Fascist and/or Islamic Caliphate states.

Note: on it's own the American government will fall within the century and along with it Israel. Europe will either go Islamic for the worse sense i.e. a Marxist-Leninist Islamic state like the Kalgeri Plan or become Aryanized NS state with one party, one leader, and on religion with rural communal farming towns consisting mostly of whites but ethical and non-racist. And/or Russia rising to power – which is good but also bad – i.e. our adepts must control Russia actions magickally or causally to avoid it becoming another USSR.

The far-left as a form is useful to eliminate capitalism and racial supremacy.

So based on this we have new Aeonic Insight Roles:

a) Become a Christian Identity Minister in the southern USA (preferably in a rural area) and recruit 5-10 members for a "Church" which makes income via donations and is self-sufficient. But not recognized on paper by the government or sought to be recognized. It must be elitist and testing for new members to join once the initial 2-3 members are recruited. Preach that non-whites are soulless, Jews are "Satanic", and Yahweh is a demiurge and Satan. Promote Luciferianism and a Luciferian version of Christ. Emphasize Gnostic teachings. And train people on the new Hebdomian Way or if noted as darker or Sinister in nature the original Hebdomad. It is possible to have this Church by Day Christian Identity and by night Satanic as well. This should be the aim and the individuals should overlap with both and some kept separate. As well as using Satanic rituals filmed as ways to blackmail local politicians or police officers. Obtained an arsenal of .22 caliber assault rifles, .45 caliber pistols, shotguns, and improvised explosives. If a suitable individual is found that is weak-willed hypnotize into doing a suicide mission. Note: here you may borrow concepts such as White Jihad or White Sharia Law.

This is useful for USA areas or areas of widespread Nazareny but white supremacist as well. Rednecks will grab rifles with the government comes to take their land for example.

Encourage separatist and ethnostate developments. Support the Confederacy. Show support for and recognition of William Pierce, George Lincoln Rockwell and James Mason. Aim to ally with far-right groups Pagan or likewise Christian Identity.

This is an insight role I am doing in my own rural locale.

b) Support Islamic Jihad and operations against Israel and the American government. Join a suitable Mosque and recruit members for a martyrdom operation. Young Muslims who have fled from Israeli prosecution or whose family or friends or themselves witnesses to the horrors of Zionism and America are more than suitable.

c) Reform Islam into an Aryanist philosophy with Daoist elements and elements from the Upanishads (particularly the Brahma Sutra). With a support for Holy Jihad against the Yahoudi-Nazarene Fascist Empire. This is being done with my own knock off of New Bihar Mandir: Qu'ranic Noetic Front.

d) Support Marxist-Leninism and anarchism as direct action against environment destruction, for animal rights abuses, against the capitalist system itself, against Zionism (exposing it as ultra-nationalist and racist i.e. Israel was given to the Jews after WWII due to a non-existent Holocaust by Britain who was at the time colonial forces over the native Arabs – thusly based on a fraudulent Holocaust Theory which is enforced by law not evidence or truth the British government gave it's stolen land to Jews to create their own racially segregrated ultra nationalist state and who were the main proponents of Communism at the time and gained influence in the American government to use it as a battering ram against countries based on false narratives such as for democracy or world peace with fraudulent or made up evidence such as Iraq's weapons of mass destruction when they really wanted to gain oil and resources and Iraq was anti-Zionist).

e) Promote and champion things which cause a downfall or decline in society, or promote Cultural Marxism to further cause decay or infiltrate it as an agent provacteur or saboteur, Sexual Promiscuity, anti-Nazareny, anti-Zionism, anti-capitalism, anything which funds or aids America's enemies in their War on Drugs, War on Terror, etc.

f) Engage in Psychological Warfare against the Magian and/or Anti-Magian Propaganda.

Personal Insight Roles:

a) Reichsfolk National-Socialist in Ethical Non-Racist Form
b) Anarchofascist and proponent of Anarchofascism as defined by the Tempel ov Chaos
c) Ecofascism and animal rights activism
d) Drug dealer, pimp, or cat burglar or criminal
e) Mercenary or assassin
f) Travel of the World Alone in a foreign land with foreign tongue especially
g) Vigilante or Rogue Police Officer
h) Nurse or Medic
i) Hindu or Buddhist Monk
j) Artist or Musician
k) White Supremacist or if non-white i.e. Black Supremacist
l) Islamic Jihadist
m) Sufi Mystic
n) Thelemite and LaVeyian Satanist (both at the same time, joining a former Order or Temple)
o) Wiccan
p) Soldier or military serviceman
q) Neo-Pagan of Racialist or Non-Racialist Variety

Skills to learn for Aeonics:

a) Psychology, particularly Jung and Dark Psychology as well as Psychological Warfare/Operations.
b) Combat skills such as those trained for by special forces and martial artists
c) Martial arts

d) Meditation
e) Study of Nietzsche, Heidegger, Jung, Splenger, O9A Corpus, and David Myatt in-depth
f) Study of religions such as Hinduism, Buddhism, Daoism, Islam, Christianity, Gnosticism, and Judaism both in esoteric and exoteric forms. As well as knowledge of Crowley and LaVey in Sinister context.
g) Study of Vamphirism and development of the Astral Senses
h) Self-Control and Self-Restraint
i) Physical Fitness: strength, speed, endurance, and skilled physical arts such as calisthenics.
j) Stripping oneself of conventional Nazarene morality, exploring the sexuality, and indulgence in intoxicants for insight and later self-control of said indulgences.
k) Study of the Numinous and Sinister. Particularly Reichsfolk and the Numinous Way.
l) Further study of Aeonics, acausal, and Star Game.
m) Grade Rituals of External Adept, Internal Adept, etc. Adapted to Tempel ov Chaos forms.
n) Numerous insight roles, 12 in particular fitting all the archetypes outlined by Jung for periods of 1 to 2 years but no less than 6 months.

Vol IV – Exeatic Joy & Baleful Living

Section (i) – Interview with Dark Gnosis

Can you explain your 'social aims', your 'revolutionary rhetoric', and what appears to be the grandiose plans of the take over of the ONA to undermine, infiltrate and ultimately control governments?

Firstly, one must be and should be well aware of the causal forms and those claiming adeptship or beyond and the Outer O9A 'kiddies' should know it better than me. The Esoteric and Exoteric elements are like oil and water. We would ask if one knew the difference between affect and effect.

Our goal at present is not takeover of governments nor even their downfall as within 132-134 years or as some adepts have predicted 50 years the Magian Empire will collapse. What we do in the shadows is manifest Vindex (or attempt too) and presence the dark. Whether or not this is Aeonic or Dialectical is irrelevant for obvious reasons.

A wise man once said:

Thus, the real esoteric aim – correctly understood – is not some grandiose revolutionary plan or plans, not some aristocratic society, or whatever. Those are only some possibly exoteric effects of some of those individuals involved with or inspired by or changed by us. Or expressed another way – they are but practical exoteric aims/modes of incitement/means of manipulation which can and which may inspire/incite some individuals to Presence The Dark (and which may thus provide them with pathei-mathos) and thus aid The Sinister Dialectic. As such, they are basic but necessary and useful causal adversarial forms. A key to understanding here are the terms useful and forms. The actual form or methods used are irrelevant – what works, works; for individuals and Aeonically. They are irrelevant for basically four reasons: (1) because it is for each individual to make their own choice of methods and/or forms to use based on their understanding and on their character; (2) because we do not, being amoral, assign any ethical value to any causal form, praxis, or method; (3) because even if some method or form or praxis does not seem to causally achieve what someone desires or believes it can, it can/could provide them with pathei-mathos and thus contribute to their continuing personal esoteric change/development; and (4) because such forms, methods and praxis are useful in testing/manipulating those not of us (mundanes) and can present them with opportunities to change and evolve themselves (and so cease to be mundanes) or be the genesis of their failure.

QED

Would I be right in thinking that in practical terms the Rounwytha principle means the Order of Nine Angles puts great emphasis on women? So much so that some had considered the O9A to have gone soft, effeminate or be sexist against men? Yet, why do nexions like RapeWaffen encourage incels to violently oppress women or children -- or sexually exploit them i.e. rape them?

This is only an illusionary duality in regards of masculine vs feminine. Being a heterosexual male I don't particularly mind the company of women at all. And I consider myself in the past at least to have been somewhat of a good friend or comrade to Chloe Ortega. In certain times, this puts a target on your back and I did indeed swear to protect her in some sense so thereby I am duty bound in some regards like or it not. Thus, rendering such chivalrous service to a lady I cannot be misogynistic by virtue it would contradict my duty which is impersonal and higher i.e. Sinister Honour. RapeWaffen stated in their own RapeCast ebook that they were not O9A but inspired by the hardcore hate, ultra-violence and evil of the O9A. Of which they misunderstood and saw not the forest for the trees – as many will of course.

In regards of children, see "Satanism & Child Abuse" by Anton Long. Pedophiles are not of our kind sorry. Whether or not you offend is irrelevant because you are a ticking timebomb either way. A cruel mistake of Nature. Pedos should do the world a service and snuff themselves IMO.

Aren't you a survivor of domestic abuse and sexual abuse yourself? LOL so now the O9A is led by a victim of pedophiles and before was ran by pedophiles!

Yes, I was a victim of said actions as a young boy. And likewise was in many toxic relationships. All of this is none of your business. The O9A is not led by me nor anyone in particular. We (a few of us Niners) are considering electing an Outer Rep in due-time however by popular demand, or putting in place a sort of "High Council of Elders" to manage the O9A to some degree when such happenings as the FBI Black Campaign occurs and misleads the 'kiddies' to be edgelords and nothing more will be said on that as I said ample on it prior.

Was UR Nexion, Joshua Sutter? And did Chloe give the O9A to the ToB?

UR Nexion's writing style reminded me of either Sutter or his wife so I assumed as much as did others. It was unknown to the Old Guard, Nameless Therein and perhaps others. They are clear of any wrongdoing. And I apologize for thinking otherwise. I wish them success with Fenrir and other projects.

Chloe did not give anything away as there's nothing to give to begin with.

Didn't you rape somebody and get off with it?

Again, no lies of antifascists and the ilk. I can prove my innocence on all alleged matters of this. False rape accusations are a modern-day problem caused by Cultural Marxism i.e. feminism.

Aren't you addicted to meth and schziophrenic?

I am like Beethoven a sufferer of Maniac Depression (as was Lord Byron). I do not use or take any substances besides what is needed for bodily maintenance. And eat a healthy clean Vegan

diet with plenty of protein added and anabolic steroids for assistance in physical matters and longevity.

Where can I find your autobiography?

It's been uploaded by my good lady friend Elina Noctifer here:
https://www.scribd.com/document/574035484/Auto-Bio
Any final words for the peanut gallery?

I hereby renounce and reject all of my writings prior to October 2022 e.v. (era vulgaris) and any and all organizations I was a part of besides the Tempel ov Chaos and admit I am an adherent of the O9A sub-culture but I do renounce (like many before me who've traversed this path) extremism, racism, violence, crime, etc. And my private beliefs are just that private. The Tempel ov Chaos is ran by both an Inner Council, Outer Council and a Grandmaster. I have simply joined as a follower or aspirant of the path. I have no power or say over it nor the O9A itself. I bid thee farwell and bon voyage! Or as they say in Canada, keep your stick on the ice.

Section (ii) – Modern Heresies

Lie of the Holocaust

For one we are assuming as the figure given 6 million Jews were exterminated. That would mean 100,000 tonnes of weight for one million. So hence 6 x 100,000 = 600,000. According to, https://pubmed.ncbi.nlm.nih.gov/9718667/(The degree of destruction of human bodies in relation to the duration of the fire), it would take 2-3 hours to completely burn to ashes an adult human body. So do the mathematics here. 6 million people x 2 hours = 12 million hours = (approximately) 1,369 years spent burning that amount of bodies. *According to calculations by the German authorities, 340 corpses could be burned every 24 hours after the installation of the three furnaces.* See: https://www.jewishvirtuallibrary.org/crematoria-and-gas-chambers-at-auschwitz-birkenau

Given each corpse would require 2 hours to burn completely into ashes that would be 340 x 2 = 680 hours, far more than 24 hours. They'd need to have 340 separate ovens each cleaned within seconds for the next corpse to burn. How many ovens in fact did they have? Hypothetically they had 6 crematoriums and say they had a dozen furnaces in each one. That would account for 72 total furnaces. 72 furnaces x 2 hours / corpse would equal out to be 36 corpses per hour. Accounting for hypothetically 840 corpses in 24 hours. Fitting this figure. Yet other accounts state 1,440 corpses per 24 hours PER crematorium adding even more impossible to time within 24 hours bodies to dispose of. Still not fully adding up here?

Additionally, there is a scientific claim by proponents of the Holocaust theory that people were killed by Zyklon B – a noted delousing agent during times of typhus and lice – that is still active under room temperature with German Concentration Camp Guards entering the chambers without protective gear and even smoking in them after an alleged gas session whereupon if this were true they themselves would be poisoned or the canisters of certain chemicals being explosive would ignited.

Additionally the censuses given in Europe gives a figure of three million Jews in Europe during the time of the alleged exterminations. So were did an additional 3 million come

from? The Allies themselves are yet blameless for: things as the atomic bombs dropped on Japanese cities, the air raids of predominantly civilian towns such as Dresden, and the Allies' own human-rights abuses. And this Holocaust Mythos was used to create the state of Israel. Which today is racial segregationist i.e. just like Jim Crow Law America, and also committing genocide against Arabs and occupying land which belongs to Palestine not Jews!

In regards of eye-witness accounts such as Anne Frank's Diary:

The true author of the diary was a man, Meyer Levin. He demanded payment for his work in a court action against Anne's father, Otto Frank. Meyer Levin was awarded $50,000 and the matter was resolved quietly.

In 1980, as a result of a lawsuit in a German court, the German state forensic bureau (Bundes Kriminal Amt [BKA]), forensically examined the original "diary" manuscript. The analysis determined that "significant" portions of the work was written with a fine ballpoint pen. Fine ballpoint pens were not available before 1951; portions of the work was [sic] added well after the war (Anne Frank died in March 1945).

And Night:

Elie Wiesel passes for one of the most celebrated eyewitnesses to the alleged Holocaust. Yet in his supposedly autobiographical book Night, he makes no mention of gas chambers. He claims instead to have witnessed Jews being burned alive, a story now dismissed by all historians. Wiesel gives credence to the most absurd stories of other "eyewitnesses." He spreads fantastic tales of 10,000 persons sent to their deaths each day in Buchenwald.

When Elie Wiesel and his father, as Auschwitz prisoners, had the choice of either leaving with their retreating German "executioners," or remaining behind in the camp to await the Soviet "liberators," the two decided to leave with their German captors.

Yet to deny the Holocaust is to commit in several Western countries a crime punishable by up to five years imprisonment.

Thoughtcrimes

The Department of Homeland Security has announced the formation of the Disinformation Governance Board—charged, according to Politico, with "countering misinformation related to homeland security, focused specifically on irregular migration and Russia." In a twist too implausible for fiction, the abbreviation is DGB, one letter off from KGB.

The stated goal of combating mis- and disinformation is framed to seem unobjectionable. Who objects to truth and pines for falsehood? DGB experts will guide the way, separating the informational wheat from the disinformational chaff.

This would be all well and good except the obvious Magian/Hubrati, Zionist/Jewish Supremacist, and Cultural Marxist agenda.

Human Evolution

The orthodoxy is that all present day races evolved from a common ancestor in Africa. The reality is that evolution occurred in several places at different times - that is the leap from Australo-pithecus (and other variants) to Homo occurred in different places at different

times, leading to the various human species manifest in different races. This was the now heretical view of anthropologist Charles S. Coon. On this view, the 'Homo' branch that led to the present European races, was the first to evolve into 'Sapiens' - perhaps as much as 100,000 years before that branch which became the present day African races.

The White Race

Is the White Race doomed? It certainly seems so. But if it is losing the battle for world survival, whose fault is it? If it is losing, then it must as a whole be weak. Does it deserve to survive? In life, there are winners and losers. Nature is ruthless - the predators win. The White Race is being preyed upon at this moment in its evolution - by other races. It has lost its racial instincts for survival. No one is to blame for this state of affairs but the White race – it has allowed itself to become weak.

Ethics

What is good is what is honourable in personal and kindred terms, with such honour – with kindred honour defined by "the code of kindred honour" – being regarded than more valuable, of a higher ethical value, than personal desires and the causal life of an individual. Such kindred honour is regarded as one means to an acausal existence after mortal death. This honour demands that an individual is judged by – is distinguished by – their conduct, their behaviour, meaning no distinction is made in respect of, or on the basis of, gender, ethnicity, sexual preference, social status, place of birth, or occupation. Mundanes are defined as those who lack the quality – the arête – of personal and kindred honour, and can therefore be encouraged to change, to reform themselves, by following the O9A way.

Liars, Lunatics or Journalists

Antifascists are both clearly liars and lunatics, and journalists perhaps knowingly along with governments and corporations parrot or cater to their unrealistic based in abstraction alone theories of an equality which doesn't exist and a Hollywood style boogeyman image of fascism, the far-right, etc.

The Christ Delusion

The far-right continues to be dominated by Zionism, Nazarene morals/ethics or Nazarene dogma, "Neo-Pagans" who are more akin to Wiccan slave dross than real true Pagans are or were, and have de-evolved into either a) white trashionalists or b) edgy vampire LARPers who don't even know what the fuck they believe or why they believe it.

Magian Occultism

Even in groups that should know better Hebrew Occultism and Cabala dominates in lieu of the Four-fold Way or Tree of Wyrde. The O9A is not based off LaVey, Crowley, etc. And one who studied the corpus and history would know why that is both esoterically and exoterically.

Science the Institution

Science has become a Judaic and Cultural Marxist oriented institution which is also materialist and atheistic. It barely bases anything off of empirical evidence now and instead

decides what fits the narrative and what don't or exists as mere mathematical/logical symbolism more befitting Pure Mathematics than Physics.
